

Flexible Joint Repair System

If you are tired of dealing with comebacks for whistling, cracking or splitting, this is the answer. The heart of the system, is a spring loaded ball joint assembly with a high temperature gasket that comes ready to install. This strong, durable joint can support the weight of the system in either the horizontal or vertical direction without the need for additional hangers.

- Quickly replace worn flex connections
- Provides near “zero leak” performance
- Reduces backpressure
- Each size fits numerous applications
- Five sizes available 1-3/4” - 3”

IN STOCK

BLANK ENDS	
ni Number	Size
44134	Fits 1 3/4" Pipe
44200	Fits 2" Pipe
44214	Fits 2 1/4" Pipe
44212	Fits 2 1/2" Pipe
